

TerraCycle® at Northwoods!

Collecting typically non-recyclable waste for a cash donation to our school.

What is TerraCycle?

TerraCycle is a company collecting typically non-recyclable waste. Through their partnerships, they are able to divert millions of pounds of waste from landfills and incinerators each month.

Why is Northwoods Elementary Partnering with TerraCycle?

Through TerraCycle's free recycling programs, Northwoods can earn TerraCycle points which are redeemable for a cash donation to our school.

Which Items can be Recycled?

Northwoods is participating in five different waste programs! Look to the right for a list of the specific items we are collecting. **Please do not send in items that can be recycled through the Town of Cary.**

How do I Participate?

We're asking families to do all of their collecting at home and then bring their items in to school at their convenience. Simply collect items from the list and then bring the items to school and sort them at the TerraCycle sorting station located in the school lobby. All items must be EMPTY and DRY. If your child eats lunch or snack at school, have them bring their empty TerraCyclable items back home instead of throwing them away at school.

At home, collect in a bag the waste listed here. Bring your bag to school and sort it in the sorting station in the school lobby. Items must be dry and empty of product.

Drink Pouches
